Commissioner for Patents

Application/Control Number: 09/201,749

Art Unit: 3624

Response to Applicant's Amendment

The amendment filed on June 25, 2004 is not fully responsive to the prior Office action because of the following omission(s) or matter(s): Applicant's reply does not comply with 37 C.F.R. 1.111 (b) because it does not include arguments pointing out specific distinctions believed to render the added claim(s) 29-35 are patentable over the applied references. See 37 C.F.R. 1.111 (b) and the Applicant references new claims 29-35 as being rejected over Freeman, Bohannon, Allard, and Simonson. On page 13 of the response "Applicant notes that Freeman, Bohannon, Allard, and Simonson, alone or in any combination, do not disclose or suggest receiving a request for said electronic document, said request including a requested time-stamp and a domain name, wherein said domain name is associated with a first domain for a first time period and a second domain for a second time period; and identifying one of said first domain or said second domain utilizing a time indicated by said time-stamp. The Examiner is confused as to where the Simonson reference was used in the prior Office action. Also, claims 29-35 were not present in the last amendment of record. Since the above-mentioned reply appears to be bona fide, applicant is given a time period of ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. Extensions of this time period maybe granted under 37 CFR 1.136(a).

This action is **NON-FINAL**. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Ella Colbert whose telephone

Application/Control Number: 09/201,749

Art Unit: 3624

number is 703-308-7064. The Examiner works a flexible work schedule and can normally be reached on Monday-Wednesday and the weekend.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Vincent Millin can be reached on 703-308-1038. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
